Daniel Pedrosa Team Honda HRC Championship MotoGP

Dani Pedrosa

Bologna Italy , 01.05.2017, 14:10 Time

USPA NEWS - Dani Pedrosa is definitely one of the best MotoGP riders in the world.
In his career he has always been unlucky because he has had accidents that stopped him in the crucial moments of the season and he met pilots in the very strong Honda Repsol HRC team and did not win the title in the MotoGP class.

Daniel "Dani" Pedrosa Ramal (born 29 September 1985) is a Spanish Grand Prix motorcycle racer. Pedrosa grew up in a village near Sabadell called Castellar del Vallès. He is the youngest world champion in 250cc Grands Prix. Pedrosa is 1.58 m (5 ft 2 in) tall and weighs 51 kg (112.4 lb). In spite of never being MotoGP world champion, Pedrosa has won races in eleven consecutive seasons in the championship (2006““2016). He has also finished as championship runner-up on three occasions (2007, 2010 and 2012).

Throughout his World Championship career Pedrosa has been plagued by injuries that has often prevented him from clean seasons that would allow a shot at the title with a high injury per crash ratio compared to other top riders.
2003 Australian motorcycle Grand Prix (125cc) Double fracture in the talus bone of the left foot and a fracture of the right ankle.
2005 Japanese motorcycle Grand Prix (250cc) Fracture of the left humeral head that affected the supraspinal tendon.
2006 Malaysian motorcycle Grand Prix (MotoGP) Small fracture of the small left toe and loss of cutaneous matter on the right knee. 5 stitches in that vertical cut.
2007 Turkish motorcycle Grand Prix (MotoGP) Thoracic trauma, blow to the left gluteus and neck trauma.

2007 Japanese motorcycle Grand Prix (MotoGP) Post-traumatic arthritis with inflammation to the small toe of the left foot.
2008 Sepang test (MotoGP) Fracture of the second metacarpal in the right hand, with three diaphyseal fragments, which are the bones that are found in the middle part of the metacarpus.
2008 German motorcycle Grand Prix (MotoGP) General inflammation of the left hand with hematomas in the veins of the extensor tendons. Displaced fracture of the distal phalanx of the left index finger. A sprain of the interphalangeal articulation next to the left middle finger. Fracture of the large bone of the left wrist. Sprain of the lateral external ligament of the right ankle.
2008 Australian motorcycle Grand Prix (MotoGP)

Capsular hematoma on the left knee that had to be treated two months after.
2009 Qatar test (MotoGP) Fracture of the radius of the left arm and contusion on the left knee that required a skin graft, because the scar re-opened from an operation before Christmas.
2009 Italian motorcycle Grand Prix (MotoGP) Incomplete fracture of the greater trochanter of the right femur. A fracture without displacement, an injury that requires absolute rest and treatment with painkillers.
2009 December (MotoGP) Underwent an operation to remove a screw from his left wrist.
2010 Japanese motorcycle Grand Prix (MotoGP) Four-fragment chip fracture of the left collarbone and a Grade 1 ankle sprain.

2011 French motorcycle Grand Prix (MotoGP) Fractured right collarbone.
2013 German motorcycle Grand Prix (MotoGP) Small fracture of left collarbone.
2015 Qatar motorcycle Grand Prix (MotoGP) Arm pump of right hand.
2016 Japanese motorcycle Grand Prix (MotoGP) Fracture of right collarbone consisting of four fragments, requiring surgery (the 14th major surgery of his career). Subcapital fracture of the right fibula with no displacement, requiring only immobilization. Fracture to the fourth metatarsal of the left foot.
